**Faculty Plan**

**Busy Summer**

One of the standards by which the professional growth of a faculty can be measured is that of summer activity and study. Members of the college faculty have announced plans as follows:

Dr. Karl E. Keefer, Jr., dean of the college, will be enrolled at the University of Chattanooga in a five-week summer session continuing his program leading to the master's degree in education. For his thesis, Dr. Keefer will do a research project in the area of admissions directly related to the admissions program at Bryan.

Robert G. Adams, business manager, will attend the University of Kentucky for seven weeks this summer in a program leading to the master's in business administration with a major in college business management. Mr. Adams expects to complete this program the second semester next year.

John B. Bartlett, dean of men, and Miss Jimmie Woods, dean of women, will be traveling with Gospel Messenger teams this summer. Their ten-week tours will cover the eastern two thirds of the United States. Mr. John C. Anderson, associate professor of languages, has become Dr. Anderson by virtue of his Doctor of Theology degree conferred by Dallas Theological Seminary in early May. Frederick G. Bedford, assistant professor of French, has been named alternate in a summer Fulbright study program scheduled for France.

Everett Boyce, instructor in physical education and history, expects to work on his dissertation needed to complete requirements for the master's degree in history at the University of Tennessee. Charles Moore, assistant professor of history, will continue his doctoral program at the University of Michigan.

Arthur Meyer, assistant professor of chemistry, has received a National Science Foundation scholarship to study chemistry in an institute for college teachers at the University of North Carolina at Chapel Hill. Similarly, Lewis A. Warwick, associate professor of mathematics and physics, will enroll in a nine-week NSF physics institute at the University of Texas. Mr. Warwick also received two other scholarship awards for summer study and was named to a fourth program as alternate, all under the National Science Foundation.

Gerald L. Woughter, head of the music department, will study at the Fontainebleau School of Music and Fine Arts in France. This school was founded in 1926 by Walter Damrosch. Mr. Woughter plans to visit Kermit Zopfi, former Bryan faculty member now living in Germany.
